## RGB LED Light Stick LC500R

# LC500R

RGB LED Light Stick

Maximum LED Power 23W

CRI

TLCI

Maximum Illuminance 5800

Wireless Remote Control

CCT Mode

RGB Mode

Dimming from 100% to 0%

**Godox** LC500R looks like a lightsaber, ideal for hand-holding. It is everything that you loved about its predecessor LC500, but with additional RGB mode and FX light effect to further free your creativity. Its two-way barn door shapes and directs the light spread. With the CRI rating at 96 and TLCI at 98, the light reproduces the nature and vibrant colors.

## Multi-color, Multi-function, Multi-use

### RGB Mode

**LC500R** employs RGB mode, offering full control of hue and saturation, providing 360 selectable colors, dimmable from 100% to 0%, making your image or content more dramatic.

## Fx Light Effect Mode

The light fixture has 14 kinds of built-in Fx light effects containing 39 various presets in total for more creative use in film and photography, ideal for vlogging.

RGB cycle

Flash

Laser

Lightning

Broken Bulb

TV

Candle

Fire

Fireworks

Cop Car

Fire Engine

Ambulance

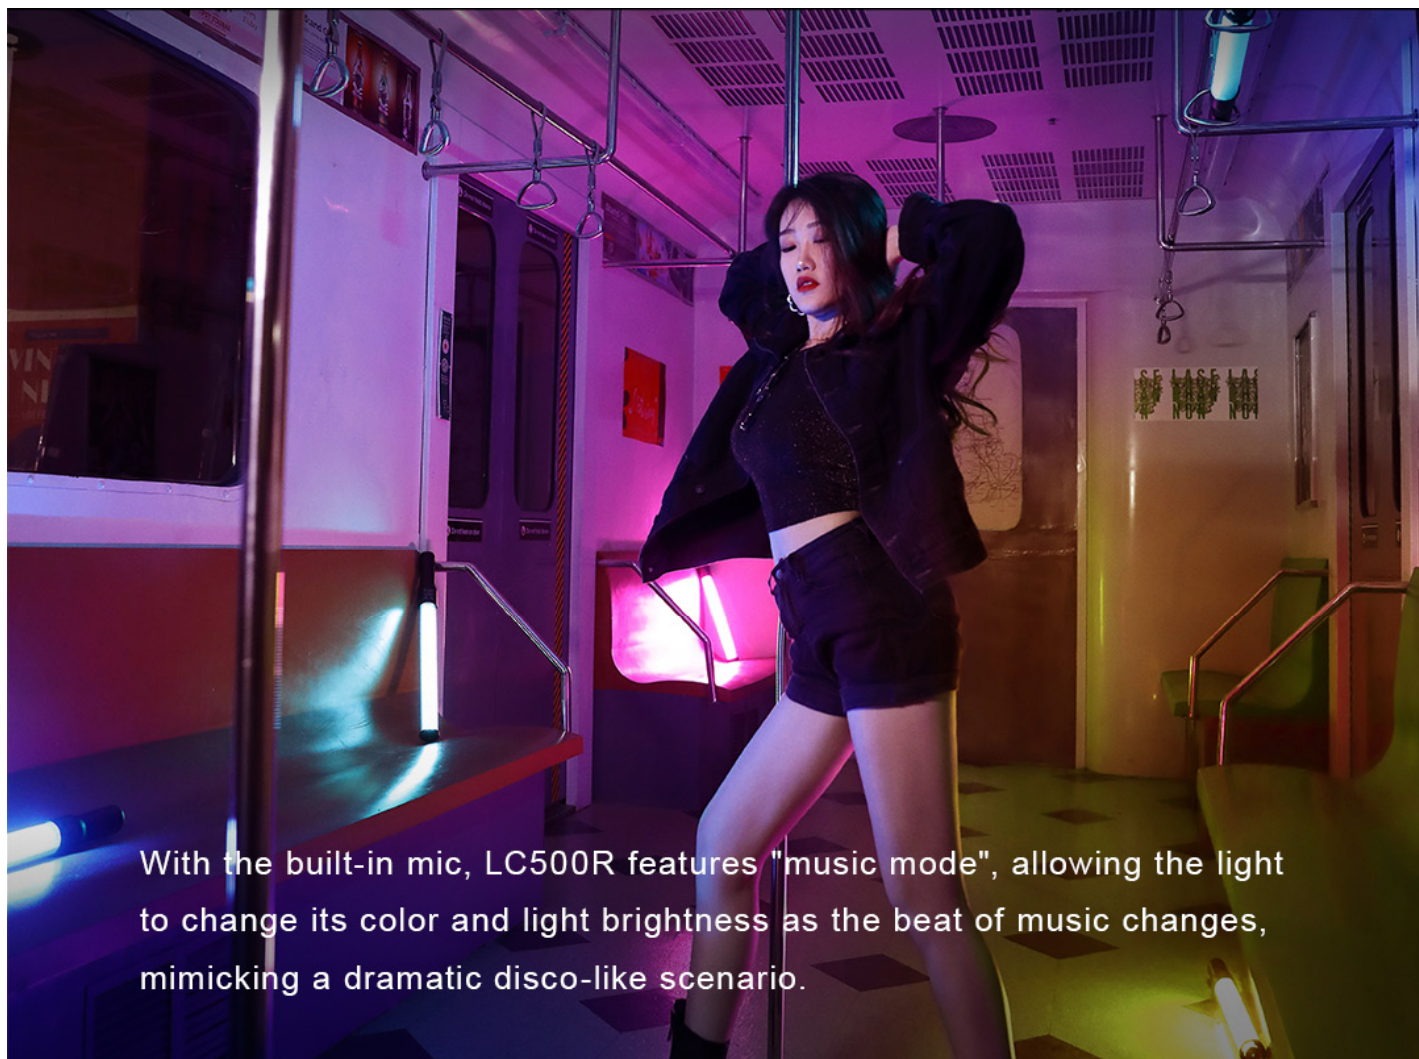

Music

SOS

With the built-in mic, LC500R features "music mode", allowing the light to change its color and light brightness as the beat of music changes, mimicking a dramatic disco-like scenario.

## CCT Mode

In addition to the RGB mode, the LC500R also features CCT mode to precisely adjust the color temperature from 2500K to 8500K.

## Shape the Light Beam with Barndoor

LC500R comes with two-way barndoors, which allow users to shape and direct the light beam.

## Flexible Light Placement

The bright RGB light stick is super lightweight and ideal for handheld, easy for users to see where the light falls immediately. The LC500R ends with 1/4"-20 thread to mount to a tilter bracket, tripod or light stand, giving more flexible light placement.

# Wireless Remote Control

Use the LC500R wireless remote control (optional), able to control up to 6 groups in 32 channels, allows for full control of the light's HSI, CCT, and FX functions.

# More lighting setups for professional productions

Using groups of LC500R for lighting setup for professional productions like cinematic interview, commercial and documentary filmmaking, it is not difficult anymore to create professional lighting set-ups and make your client looks good.

## What's in the Box

LED Light x1

Charger (16.8V/1.2A) x1

Two-way Barndoors x1

Instruction Manual x1

Portable Bag x1

# Specification

RGB LED Light Stick	LC500R
Built-in Lithium Battery	14.4V/2600mAh Lithium Battery
Power Consumption	Maximum Power 23W
Channel	32
Group	6 (A, B, C, D, E, F)
Color Temperature Range	2500K-8500K
Dimming	100%-0%
RGB Range	360 full colors
100% Illumination (Lux) (1m, dark room)	5800 max
CRI	Approx.96
TLCI	Approx.98
Battery Running Time at Full Power	Approx.90 mins
Operating Temperature	-10°C~40°C
Dimension (Without Barndoor)	616*56*56mm
Net Weight (Without Barndoor)	0.81kg
